“ Adam was truly a very smart guy and a good man. I've been playing poker with him for several years. I will miss him dearly, playing poker with him and talking with him. He was a good friend and gone too soon.

“ Adam is my brother-in-law by marriage but my brother in life. We've known each other for more than two decades. I'll never forget the adventures... the laughs... and his ability to light up any room he walked into.

Anybody that knows Adam knows that he lived to give. He never asked for thanks or recognition. He helped others because it was the right thing to do. He always reminded me of the scene from the Grinch where his heart grew three sizes too large... This was Adam's default setting.

Adam is one-of-a kind. Each day we learn more about the impact he had on his work, his friends, and his family.

What he accomplished in 39 years is amazing. And I truly believe his work is just getting started. We may have lost him here, but knowing Adam, he's already helping us from above.

Adam - I miss you like crazy, but know you've already found Uncle Gary, Grandma Aurelia, and my little bro Angel. I'm sure they needed you as much in Heaven as we needed you down here.

I'm you're probably beating all of them in poker as we speak, Yuengling in hand. Just do me a favor let them win a few hands before you go all in...

Cheers bro - the Big Man Upstairs is lucky to have you by his side, and we will never forget your impact here.

Love,

Jonathan Mikula

“ Adam and I met in high school. He even took me to a dance (I think it was homecoming). He was an amazing friend to me. He loved fiercely and protected those he loved. He had an infectious smile and was always there with a big hug. We lost touch over the years but I'll never forget him. Continued love and prayers to his sweet family. Please know that he will not be forgotten and his love will continue to be felt by all of those who were lucky enough to know him and feel loved by him.

“ I met Adam at a poker game back in 2015. He was a good poker player. I knew he would bet me most of the time. The best part was his unconditional friendship even tho he did not know me very well. So I made it a point to be at his first game he ran at Semper fi. He ran it with fairness and understanding, the best I have seen throughout my 50 years of playing poker. I will miss him, he was the best, my condolences to his family.

“ I’m going to miss the way he said Jiminy Christmas and though I hated the phrase “it is what it is” I would give anything to hear him say that again. He had a way of helping me stay calm during stressful times and was there whenever I needed him...I never imagined losing him would be one of the hardest things I’d go thru. We met at a haunted house, then 11 years later our first date was at a Haunted House. The last 18 months have been some of the best times of my life and though I wish we had 50 more I will always love Adam and keep him close to my heart. He was taken too young and too soon but I know he is at peace and watching over everyone he loved.
