“ I almost always called John Doc, as he made a joke at our wedding that he was an MD, which he said stood for mule doctor. We always shared some corny jokes together and laughed a lot when we were together, whether on the phone or in person. He was like the father I never had. We loved to treasure hunt together. He was very intelligent, and had one of the best long term memories of anybody I knew. Over the years, we shared many family memories together, he was a true friend, loved and respected by everyone who had the pleasure of knowing him. He served people in various capacities over the years, from the masons to the shriners, as well as for his country in the military. John helped so many people in his life, and was a believer in all things good. We had many conversations about the love and sacrifice of our Divine Creator, and I know John is in Heaven now. John had a great sense of humor, and was my best friend, he will be greatly missed. His love and memory will live on, in the hearts of all of those who's lives he touched. It brings great solace to my heart knowing that we will be together again in Heaven someday. Thanks for being a great example and mentor to me, John. We love you. Our condolences to Carol, Julie, and Alan. -- Mitch Ergas

“ So many sweet memories of John...he was a father to my husband and danced with me as the father of the groom over 20 years ago (Mitch's family photo below from our wedding). Such a dear, sweet man filled with hope, compassion, intelligence and a love of all things Spiritual. We feel the loss of your presence here on earth, but know you are not forgotten. So much love. —Catherine Ergas

“ I am so sorry to hear of Dr. Bo's passing. I was out of state and missed the Vistation and Funeral. We worked together at the Georgia Poultry Lab Network. I always enjoyed our time working together and as a personal friend. Dr. Bo was always willing to help me or others, if they needed him. He was an Avian Veterinarian and helped the Poultry Industry for many years. He will be missed and I look forward to seeing him in Heaven.
