“ Always made me laugh! First time I worked with John and Dot at a swim meet he scared me to death ! But Dot made him admit he was just teasing! After that I fell in love with him! Reminded me so much of my dad! I am so sad this world has lost both of them! All my love to everyone!

“ My earliest and best memories are of all of us together. I can still hear Uncle Jack's baritone voice and that laugh of his. I remember him singing at Grandmas funeral. It's funny how memories work. All of a sudden, all the times we spent together have come rushing back.  
I've been thinking a lot about the summers at Turtle Cove, the time I worked with him at the sign company, every Christmas with you all. My heart to yours, Terry and Scott. I'll miss him terribly. Much love and comfort to you and your kids..

“ I remember working w/John in the shipping area years ago and Brian would come home from school. They raced to see who would say he was better looking than the other. I was honored when I started to be included, though I never became the most handsome when those two were around.

A few years working on a community newsletter and fighting the development infidels together. A truly terrific man who will be missed. Bill Hastings
